Vengeful culture?

Photo: Kato

Illustration: Kato

What makes a man vengeful? Is it a matter of culture? Or is it a matter of personality? The answer is not clear, but it is a question that has been asked for centuries.

One of the most famous examples of vengeful culture is the Japanese samurai. These warriors were known for their sense of honor and their willingness to die for their lord.

Another example is the Greek myth of the Trojan War. The war was fought over a woman, and it resulted in the fall of the city of Troy.

So, what makes a man vengeful? Is it a matter of culture? Or is it a matter of personality? The answer is not clear, but it is a question that has been asked for centuries.

How Papa prepared for Christmas

By [Name], [Address]

Dear [Name],

I am writing to you because I want to tell you about my father's preparation for Christmas.

My father is a very busy man, but he always finds time to prepare for the holidays.

He starts by making a list of all the things he needs to buy.

Then, he goes to the store and buys everything on the list.

After that, he spends time with his family and makes sure everyone is happy.

That's how my father prepares for Christmas. He is very organized and very caring.

I hope you have a very happy Christmas.

Yours truly,

Thailand

reveals its 'unseen treasures'

By Anna P. Seng

Annual Thailand's National Day is celebrated on September 13, the day that the country gained independence from French colonial rule in 1946. The day is marked by a variety of activities, including parades, fireworks, and traditional performances. In the north, the Lanna region celebrates with a week-long festival of music and dance. In the south, the Malay Peninsula celebrates with a week-long festival of music and dance. The day is also a time for reflection on the country's history and the challenges it has faced. The Thai government has been working to improve the lives of its citizens and to protect the environment. The day is a reminder of the country's rich heritage and the importance of preserving it for future generations.
